

Release Notes DWOS[®] 8.1.5

February 19, 2019

Dental Wings has released a new update of the DWOS prosthesis design software. See below for a summary of the latest bug fixes made in **version 8.1.5**.

DWOS 8.1.5 is compatible with the 7Series, 3Series, and iSeries Dental Wings lab scanners, as well as standalone software licenses.

Here is the complete list of bug fixes:

Face Scan

- Improved face scan support through XOrder import.

Pre-nesting

- Improved connectivity to the Straumann[®] Centralized Milling Center. (Optimized pre-nesting information-sharing.)
